NEW BERN, N. C.

"A MODERN CITY WITH HISTORIC TRADITIONS"

FOUNDED IN 1710

POPULATION GREATER NEW BERN, 17,325

PREFACE

A city of charm and achievement, with undeveloped natural resources located in an area of progress and promise. Founded in 1710 by Swiss settlers headed by Baron DeGraffenried, New Bern is located at the confluence of two great rivers, The Neuse and Trent. From this point the early settlers saw a land of promise and settled in great numbers. You will find traces of French, German, Dutch, and English architecture in the city. Rich in historic buildings, and traditions, New Bern is the second oldest city in North Carolina and can be truly called the "Cradle of North Carolina." It is the historic center of the State.

The steady growth of the city has been due to the wide variety of natural resources which are abundant in this section. Rich in agriculture, forest, and water resources. Industry and agriculture thrive in this area which is blessed with an average mean temperature of 62 degrees. The Gulf Stream is only 75 miles away which enables the community to enjoy warm winters and cool summers. The average winter temperature is 45.4 degrees with an average summer temperature of 79 degrees. 265 days of growing season offers excellent diversified farming activities.

New Bern is the half-way point on the Ocean Hiway which is the historic and scenic route between Northern Pines to Southern Palms. Transportation facilities include three railroads, trucking companies, excellent bus service to all points, water travel and commerce is available on the rivers and at the Port Terminal 38 miles distant. Air travel is complete with two commercial airlines offering excellent daily schedules.

New Bern is the county seat of Craven County. The city government is of the Council-City Manager type offering the city all modern conveniences, including municipally owned water and electric service, a city-wide recreation program, excellent fire protection, city and county police force and headquarters of a troop of state highway patrolmen.

Artificial gas is supplied by Tide Water Power Company. The Carolina Telephone and Telegraph Company offers modern dial telephone service.

New Bern is a well balanced city offering the present and future citizens a wonderful opportunity to prosper and live in a land of plenty. Sports, recreation and climate make New Bern an excellent place in which to live.

For complete information address the Chamber of Commerce, New Bern, North Carolina.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond our own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

Street Directory
—OF—
NEW BERN, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

VOL. VII 1951-1952 VOL. VII

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

WHEN YOU WANT TO KNOW:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Southern Directory Co. **Asheville, N. C.**

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
